

DZENERGY 2021

INTERNATIONAL CONFERENCE

PRESENTATION

Who Should Attend?

- Students, Drs and Profs.
- Scientists and Engineers
- Companies to present their innovations and products
- IT Directors and Managers
- Oil and Gas Sector speakers
- Anyone who is interested in Innovative Applied Energy.

INNOVATIVE APPLIED ENERGY (SMART EXHIBITION)

26-27 MARCH 2021

HASSI MESSAOUD, OUARGLA. ALGERIA

[HTTPS://DZENERGY.ORG/](https://dzenergy.org/)

Unlike other conferences, in this conference, we would like to bring many **speakers, listeners and tutorials (Workshops)**. in order to show the light on our conference topics, the duration will be varied from 15 to 45 Minutes for speakers. Regarding workshops it will be varied from 02 hours to 16 hours. We believe by this method attendees will enjoy and learn new technologies.

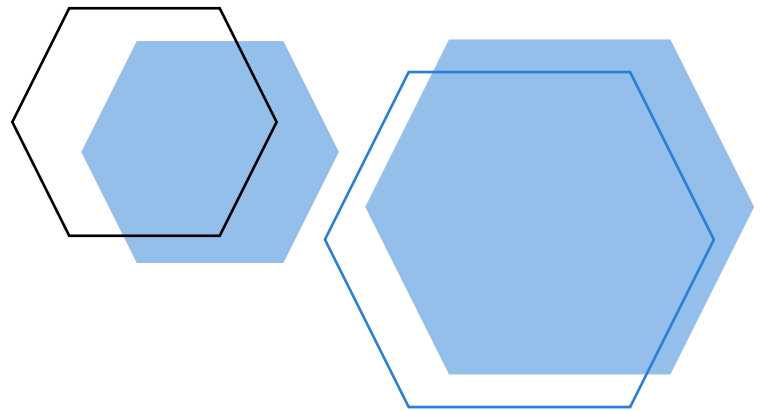

Topics considered in DZENERGY21 are presented on the conference website: <https://dzenergy.org/about-us/>

CONFERENCE STRATEGY

WHAT WE ARE GOING TO DO

Currently we have Main Keynote Speakers from different countries like the USA, Canada and Italy. We are going to invite speakers from Algeria and outside of Algeria to speak about any new Idea, Project or Proposal relevant to the Energy Sector. Some Workshops also will be done at this conference. Another interest also to have some companies from Algeria to participate and present their work, Mission, and challenges for example (It will be like a Smart Exhibition. it means we are going to do our best to facilitate companies participation including virtual presentation if needed!), really it will be an opportunity to create new projects or solutions. We believe also at the end we will have many attendees to our Main Speakers, Speakers, workshops and companies representative.

CURRENT WORKSHOPS

WORKSHOP TITLE

- The application of the theoretical and computational approaches on material devoted to manufacturing photovoltaic cells

WORKSHOP CHAIR

- Dr. Drici Nedjouda, University of Mostaganem, Abdelhamid Ibn Badis, **Algeria**

WORKSHOP TITLE

- Boosting Energy Efficiency Through Behavioral Change

WORKSHOP CHAIR

- Dr. Fayçal Bensalli, Qatar University, **Qatar**

OUR MAIN KEYNOTE SPEAKERS

KEYNOTE SPEAKER INVITATION

Dear Colleague,
Hope you are doing well,
To see the full format of the CFP, please visit:
<https://dzenergy.org/cfp/>

Interested in speaking at DZENERGY21 International Conference on Innovative Applied Energy? You're in the right place. We are always looking to be at the forefront of the industry/Academic with the highest quality content. We begin reviewing submissions and notifying speakers during the months leading up to an event, so don't wait until the last minute to submit.

Based on your valuable experience, we have the pleasure to invite you to participate as a Keynote Speaker for our conference, in order to present your Idea, Project, or any Proposal relevant to our conference topics. Physics, Chemical, IT, and Engineering domains related to Energy Sector proposals are accepted.

International Conference on Innovative Applied Energy (DZENERGY'21), will be held from 26 To 27 March 2021, Hassi Messaoud, Ouargla, Algeria. Presentation Remotely by Skype or Zoom Application are also accepted for COVID-19 reasons. We are planning an outstanding scientific program led by world-renowned invited speakers.

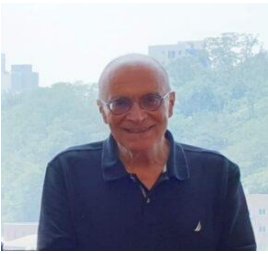

Current Main Keynote Speakers are:
<https://dzenergy.org/speakers/>

Prospective speakers are invited to submit only an abstract (Keynote Talk Template) in electronic format using our conference abstract submission system. Anyone who has a new idea, Project, proposal can be a speaker. SUBMISSIONS ARE ACCEPTED IN BOTH LANGUAGES (FRENCH OR ENGLISH)
